MATHIAS

ABOUT

Originally from Nice, I have been passionate about information since I was little. I started doing internships in IT companies and later I joined the Epitech school.

PROJECT NAME

Client	Client Name	Skills / Tools	<ul style="list-style-type: none">● Skill or tool● Skill or tool● Skill or tool● Skill or tool● Skill or tool
Role	Get specific about what you owned and created as part of this project. If you worked as part of a team, make sure to clarify what you did—not just what the team accomplished.		
		Timeline	To set realistic expectations with your client, explain how long your chunk of the work took—not necessarily the whole project.
